

Tomorrow's Technology Today

Low Voltage Electronic Specialist

TIPS FOR VIEWING THIS PRESENTATION:

1. Take advantage of the built-in **Table of Contents** by clicking on the **palette icon** (show/hide navigation pane) located just to the right of the printer icon. Or you can go up to **WINDOW...** then select **Show Bookmarks**.
2. After selecting from the menu on the left, click on the palette icon once more and the selected section will open full screen for easy viewing.
3. To go to a website on the Internet from this pdf file, right click on the web or email address, then select **"Open Weblink in Browser"**.

DBS Satellite Distribution Hub

DBS Satellite Receiver Module

This module provides distribution of a dual LNB DBS Digital satellite signal to four locations through a single coax cable without modulation. It is designed for a four-receiver system thus allowing each receiver to view all channels giving full channel reception and independent viewing control at each receiver. Each TV must be connected to a separate DBS receiver where desired. Part # **HBDS-4**
